

A Note from the City Administrator

Welcome to our new web site. The site has been revised to reflect a country theme. The content has been revised and reformatted to aid readability and organization. Our menu structure has been simplified to make it easier to find items.

This section of the home page will feature comments from me. It is intended to provide a continual feed of information to the community from City Hall. This complements our Department Updates items found on the Home Page.

We hope you like the new web site and find it useful to your informational needs. Use the Contact Us page to provide us with comments and questions. Our new FAQs page will contain additional information in regards to the operation of the City.

Visit the web site often.

Josette M. Mitchell
