

Columbia County Transportation System Plan Update: Public Open House

What is the Transportation System Plan?

Columbia County's Transportation System Plan (TSP) will include investment strategies to meet transportation needs within the County over the next 20 years. This includes recommended projects to improve the safety, connectivity, and

efficiency for driving, walking, biking, and riding transit. Having an adopted TSP will help Columbia County make the best use of limited resources and compete for state and federal funding.

Major Components of a TSP

We are at this step!

Goals and Objectives	Transportation Conditions	Alternatives Evaluation	Draft TSP	Final TSP
Develop project goals, objectives and evaluation criteria	Review the transportation system to identify current conditions and problems, and determine future needs	Identify and evaluate solutions and projects for the identified needs of the transportation system through 2035	The solutions and projects that best meet the project goals, objectives and evaluation criteria will be incorporated into a Draft TSP	Planning/ County Commissioner Public Hearings, and County adoption of Final TSP.
	Open House Series #1	Open House Series #2		Public Hearings

Purpose of the Open House

Come learn about transportation system investments recommended to accommodate future travel in Columbia County, and tell us what projects you think are most important, or if we missed anything.

The Open House will include information about transportation investments in Columbia County through 2035, and interactive stations for drawing, writing, and talking.

Documentos sobre el proyecto están disponibles a petición.

Open House Meeting Series #2:

Monday, May 23rd. I.O.O.F. Hall, 75 South Nehalem Street, Clatskanie, 5:00 P.M.-7:00 P.M.

Tuesday, May 24th. Scappoose Public Library, 52469 2nd Street, Scappoose, 5:00 P.M.-7:00 P.M.
