- State Highway
- Streets
- City Limits
- Urban Growth Boundary
- Study Area
- Collector Streets
- Recommended Street Connections

1. Widen OR47; add bicycle/pedestrian path on both sides.
2. Shift OR47 to the south to make room for a bicycle/pedestrian path north of the highway.
3. California Avenue to connect to Missouri Avenue
4. Realign Bridge Street to meet Mist Drive; keep the Green Bridge for bicycles and pedestrians. Build missing sidewalks along Bridge Street.
5. Connect future Crown-Zellerbach Trail to the Banks-Vernonia Trail.
6. Reconfigure the Mist Drive/Bridge Street intersection.
7. Create a bicycle and pedestrian connection to the new school from Riverside Drive.
8. Potential connectivity improvements.

Note: Location of street and path connections are approximate and subject to design review process and environmental considerations
