**Planning Commission Meeting**

**May 7, 2009 7:00 pm**

**City Hall, 1001 Bridge Street, Vernonia OR 97064**

**NOTICE IS HEREBY GIVEN** to discuss the ongoing work to create a new Stormwater Master Plan for the City of Vernonia. The purpose of the Master Plan is to create a list of improvements needed to improve stormwater flow conditions. This project is cognizant of major flooding problems that have occurred in the City. The work currently in progress includes an inventory of existing conditions including problem identification; hydrologic and hydraulic analyses; and development of recommended capital improvements and design standards for future projects.

**SAID PUBLIC HEARING** will be held May 7, 2009 at 7:00 pm at the Vernonia City Hall by the Vernonia Planning Commission at which time all interested persons of the Vernonia Community are welcome and will be given an opportunity to be heard before the completion of the new Master Plan.

Any person testifying may appeal the decision. Failure to raise an issue in a hearing, in person or by letter or failure to provide statements or evidence sufficient to afford the decision-maker an opportunity to respond to the issue precludes appeal on said issue to the Planning Commission, City Council or the State Land Use Board of Appeals (LUBA), or to seek damages in circuit court due to a condition of approval.

The meeting location is accessible to persons with disabilities. A request for an interpreter for the hearing impaired or for other accommodations for persons with disabilities should be made at least 48 hours prior to public hearing to the City Recorder at 503-429-5291 ext. 104, TTY 1-800-735-2900 or at City Hall, 1001 Bridge Street, Vernonia, OR 97064
